# Waffle Bakers

MODELS  WB-1E - Single Baker  WB-2E - Double Baker

Models WB-1E & WB-2E

## DESCRIPTION

Wells new improved single & double grid Standard Waffle Bakers provide versatility, are easy-to-use and bake the perfect waffle time after time. Operator adjustable, programmable, solid-state temperature and timer controls with digital display provide precise temperatures and perfect bake times for any waffle mix recipe.

## SPECIFICATIONS

**Construction** - Front, top, sides and drip tray are fabricated with heavy duty stainless steel for durability, ease-of cleaning and long life. Nickel-plated, open-coil handles minimize heat transfer for user safety.

**Controls & Heating** – Operator-controlled, programmable digital timers and temperature-controls allow the operators to precisely establish the perfect bake times and temperatures for his unique waffle batter. The timers are adjustable from 1 second to 10 minutes while temperatures are adjustable from 250°F - 425°F (121°C - 218°C). A manual, digital temperature display icon indicates the exact current temperature of the baking grids for temperature-ready start times while an audible electric alarm beeps when the baking cycle is complete. Lighted ON / Off rocker switches allows independent operation of each baking unit.

**Baking Grids & Hinges** – 7” diameter (178mm) energy efficient cast aluminum grids provide faster bake times and use less energy than hard-to-clean cast iron grids. Durable floating grid hinges allows the upper grid to rise evenly as the waffle expands during the baking cycle.

## STANDARD FEATURES

- Single or double waffle baker models
- 120V, 208/240V or 230V with cords & plugs
- Operator controlled programmable digital timer and temperature controls
- Digital time & temperature display
- Current temperature display icon
- Lighted ON/OFF indicator lights with rocker switches
- Audible end of bake cycle alarm
- Stainless steel top, front, sides and drip trays
- Nickel-plated open coil handles reduce heat transfer
- 7” (178 mm) diameter energy efficient cast aluminum grids
- Durable floating grid hinge

## OPTIONS & ACCESSORIES

- Replacement drip tray (WB-2E uses two)
- Replacement grids

## PRODUCT WARRANTY

- One year parts and year labor warranty
